

employee recommended by non-appropriated fund activities. The data collectors shall be selected and appointed by their employing agency.

(4) The local wage survey committee shall provide employers with the names of employees recommended by labor organizations and by Federal agencies to serve as data collectors and shall indicate the number of regular and alternate data collectors to be selected and appointed by the employers.

(5) In selecting and appointing employees recommended by labor organizations and by Federal agencies to serve as data collectors, consideration shall be given to the requirement in the prevailing rate law for labor and agency representatives to participate in the wage survey process, the qualifications of the recommended employees, the need of the employees' work units for their presence on the job, and the prudent management of available financial and human resources. Employing agencies and activities shall cooperate and appoint the recommended employees unless exceptional circumstances prohibit their consideration. When the required number of employees cannot be appointed to serve as data collectors from among those recommended, the local wage survey committee shall obtain additional recommendations expeditiously to avoid any delay in the survey process.

(6) Employers shall cooperate and release appointed employees to serve as data collectors throughout the duration of the data collection period unless the employers can demonstrate that exceptional circumstances directly related to the accomplishment of the work units' missions require their presence on their regular jobs. Employees serving as data collectors are considered to be on official assignment to an interagency function, rather than on leave.

(f)(1) Each member of a local wage survey committee, each data collector, and any other person having access to data collected must retain this information in confidence, and is subject to disciplinary action by the employing agency or activity if the employee violates the confidence of data secured from private employers.

(2) Any violation of the above provision by a Federal employee must be reported to the employing agency and, in the case of a participant designated by a labor organization, to the recognized labor organization and its headquarters, and shall be cause for the lead agency immediately to remove the offending person from participation in the wage survey function.
